

ART CLINIC @ WERKSTADT e.V

Peer critique for visual artists

ART CLINIC is a monthly exchange platform for emerging and professional visual artists of all mediums. It is a space where artists can present their work in an informal setting, which hopes to foster reflection and development of one's own practice through feedback, critique and support.

Sessions will be structured by three artists presentations each month, each artist showing up to 10 jpegs of work. If you are interested in discussing your work please contact us by email in advance, all are welcome to join the conversation on the day.

ART CLINIC will be held on the first Monday of each month at 20.00 - 22.00 from November 2010 onwards.
